## For an Important ALCOSAN Town Hall Meeting!

ALCOSAN will host a series of town hall meetings in October and November to provide an update on proposed controls for sewer overflows. Cost impacts will be outlined as the program's price tag will be over \$2 BILLION. By participating in a meeting, you can learn what is being considered in and around your community to address public health and the environment.

All meetings are FREE and open to the public and refreshments or light lunch will be provided.

For additional information, contact Nancy Barylak at 412 734 8353 or [nancy.barylak@alcosan.org](mailto:nancy.barylak@alcosan.org)
